The family tradition at Blubaugh Angus Ranch has been rooted in Kay County, Oklahoma, for six generations, dating to 1893. Over the course of more than 120 years, spanning three different centuries, the family involvement in the cattle industry has included stocker and feeder cattle, a central performance bull test, public stockyard, commercial cow/calf production and purebred Angus seedstock. This wide diversity of experience and heritage fortifies a unique perspective as to the requirements of producing functional cattle for the real-world rancher. The strong foundation of this program is anchored in leading genetics from Schaff Angus Valley, with an emphasis on functional and practical performance cattle.

Call, e-mail or stop by to see the program firsthand at any time!

## Blubaugh Junior Herd Sires

**SAV WINDBREAKER 3441**

BEPD	WEPD	YEPD	SCR	DOC	MILK	RE
